to so many options.

The Coonawarra cottages are oozing with character, and each one has its own little identity;

'Skinner's Cottage' is the larger of the three and sits on its own 983m² title.

This charming weatherboard cottage features two good sized bedrooms and a cosy living area with new quality carpets. Connect here through to the well equipped eat in kitchen, and further along a newly renovated bathroom. An outdoor dining area, gazebo and large private garden complete this. This could make a comfortable home with the potential to earn an income from the smaller two properties.

'The Bank House' A lovingly restored 1917 limestone building with striking twin gables has street presence and an interesting history, having been both a bank and a post office in times gone by. This single bedroom cottage has a lovely open plan living / kitchen / dining area. To the rear, a huge bathroom with spa and garden views where you can even see the vineyards.

'Picker's Hut' is a cosy and intimate space featuring a single bedroom and extensive pergola.

All three cottages have been recently refurbished including painting throughout, and feature cracking slow combustion fires and reverse cycle air conditioning. All the hard work has already been done.

If you are looking for a unique opportunity, with flexibility, history and love a good red wine, then The Coonawarra Cottages are well worth a look.
